2026 Sante/CMP Medicare Advantage Plan Changes

It is important to understand that Medicare Advantage Plans are **NOT** the same as IFP, commercial, group or employer retirement plans. The changes that we are referring to apply **ONLY** to **Medicare Advantage Plans**.

It is also important to note that Medicare Supplement plans are **NOT** the same as Medicare Advantage Plans and are **NOT** affected by network disruptions. Medicare Supplements are offered by many carriers such as Aetna, Humana, Mutual of Omaha, Anthem, etc. and the plan names are the same under each of the carriers; for example, "Carrier, Plan F" or "Carrier, Plan G" or "Carrier Plan N" (Plan F, G & N are the most common plans sold).
